

Loan Limits

Although Central Carolina Technical College does not encourage students to borrow, we believe that no student should be denied access to post secondary education because of financial barriers. While the primary responsibility of paying for college lies with the student and the student's family, Central Carolina Technical College offers Federal Stafford Loans to assist as many qualified students as possible.

- First year students may borrow up to \$3,500
- College Studies Certificate students may borrow up to \$2625
- Second year students may borrow up to \$4,500

Central Carolina Technical College has a life-time loan limit of \$15,500. This includes loans received at previous institutions. All students requesting to borrow more than \$15,500 must submit: a Loan Appeal Form, repayment calculation, and monthly income and expense sheet. These will be reviewed by committee, which will determine if the student may borrow in excess of \$15,500.

\$2,625 is the maximum amount students may borrow per academic year while enrolled in the College Studies program (not subject to appeal).
