Welcome Students!

Before You Begin:
To register for MyMathLab you will need:

- A MyMathLab student access code (packaged with your new text, standalone at your bookstore, or available for purchase with a major credit card at www.coursecompass.com)
- Your instructors’ Course ID number: ______________________
- Your school’s zip code: 29150
- A valid email address

Student Registration:
- Go to http://www.coursecompass.com and click the Register button under Students.
- Review the Before You Start information to ensure you have everything you need to register; click Next.
- On the Course ID page:
  - Enter the Course ID and click on Find Course
  - Choose your enrollment method
    - If your student access code came packaged with your textbook, select Access Code. (Select “Buy Now” to purchase online access using your credit card)
    - Enter your student access code as displayed; use the tab key to move from box to box and use all CAPITAL LETTERS when entering the access code. Click Next.
- Please read all information in the License Agreement and Privacy Policy. Click on Accept if you agree to the terms.
- On the Access Information screen:
  - If you have registered for other Pearson online products and already have a login name and password, select Yes. Boxes will appear for you to enter your login information.
  - If this is the first time you have registered for a Pearson online product, select No. Boxes will appear for you to enter your desired login name and password. You may want to use your email address as your login name. If you do not use your email address, be prepared with a second login name choice if the one you first selected is already in use. Your login name must be at least 4 characters and cannot be the same as your password.
  - If you aren’t sure whether you have a Pearson account or not, select Not Sure. Enter your email address and click Search. If you have an account, your login information will be sent to your email address within a few moments. Change your selection to Yes, and enter your login name and password as directed.
- On the Account Information page, enter your first and last name and email address. Re-type your email address to make sure it is correct.
- In the School Location section, select United States from the School Country drop-down menu. Enter your school zip code, and then select your school from the drop-down list.
- Select a security question and answer to ensure the privacy of your account. Click Next.
- When your registration process is complete you will see a confirmation screen. Click Log In Now to reach CourseCompass, and click Log In. Enter your login name and password and click Log In.

Logging In:
- Go to www.coursecompass.com and click on Log In. Enter your login name and password and click Log in.
- On the MyCourseCompass page, click on the course name to enter your instructor’s course.
- The first time you enter your course from your own computer and anytime you use a new computer click the Installation Wizard on the announcements page or navigational button at the bottom left of the screen. The wizard (or Browser Check) will detect and then help you install the plug-ins and players you need to access the math exercises and multimedia content in your MyMathLab course. Follow the screen instructions to complete this process. NOTE: Check with your instructor to ensure all plug-ins are installed in the college computer labs.
- After completing the installation process and closing the wizard you will be on your course home page and ready to begin exploring your MyMathLab course.

Frequently Asked Questions

Can I work on MyMathLab off campus (at home or work)?:

Yes, as long as you have administrative access. If it is a home computer, you probably have administrative access. If it is a work computer or a public computer such as at the public library, you probably do not have administrative access and will not be able to download the necessary plug-ins to make MyMathLab work.

How do I access MyMathLab at home?

First, make sure you have already registered for MyMathLab. If you haven't, see the instructions on the reverse.

If you have registered, go to www.coursecompass.com and click on Log In. Enter your login name and password and click Log in.

On the MyCourseCompass page, click on the course name to enter your instructor’s course.

The first time you enter your course from your own computer and anytime you use a new computer click the Installation Wizard on the announcements page or navigational button at the bottom left of the screen. The wizard (or Browser Check) will detect and then help you install the plug-ins and players you need to access the math exercises and multimedia content in your MyMathLab course. Follow the screen instructions to complete this process.

After completing the installation process and closing the wizard you will be on your course home page and ready to begin exploring your MyMathLab course. You will not have to use the Installation Wizard again; unless you wish to work on a different computer (then you will have to repeat the installation process for this new computer).

Note: If you are using AOL to connect to the internet, you will need to minimize AOL and then launch Internet Explorer.

How do I complete assignments?

Go to www.coursecompass.com and click on Log In. Enter your login name and password and click Log in.

On the MyCourseCompass page, click on the course name to enter your instructor’s course.

- To complete a homework assignment, click on the DO HOMEWORK button on the left side of the screen. A list of all the posted homework assignments will appear. Click on the assignment that you wish to work on. Begin work on the assignment. Your results will be automatically submitted each time you select “check answer”; there is no need to use the SUBMIT HOMEWORK button.

- To complete a quiz or a homework assignment posted as a quiz, click on the TAKE A TEST button. A list of all the posted assignments will appear. In addition, a list of practice tests will appear. DO NOT TAKE THE PRACTICE TESTS. Click on the assignment you wish to work on. Begin work on the assignment. YOU MUST COMPLETE THE ASSIGNMENT IN ONE SITTING. IF YOU LOG OUT OR TURN OFF THE COMPUTER, THE ASSIGNMENT WILL BE SUBMITTED FOR GRADING! When you finish, you must select the SUBMIT TEST button to have your assignment graded and recorded. If your instructor allows, you may be able to review your assignment to see which problems you missed.
