

2026-2027 Request for Review of Income

Complete the following form if the student and/or spouse/parent has experienced a change in their income during the 2025 calendar year. The request will be evaluated based on the documentation submitted. If your request is approved, the information on the FAFSA will be updated and the Student Aid Index (SAI) will be recalculated. Recalculation of the SAI does not guarantee a change to the student's federal aid award. To ensure fairness and compliance with the federal regulations, there are limits to which circumstances can be considered. Income reductions are considered on a case-by-case basis.

Approval of request does not guarantee receipt of additional aid.

You must have completed the 2026-2027 FAFSA at studentaid.gov before this request can be processed.
